JUNE 23-27, 2008

THEME: **The Seven C's of History**

The seven C's of history are seven biblical events that have affected, or will affect, the world.

DAY 1: THEME: **CREATION**

Creation (Genesis 1-2) reveals that God created a "very good" universe in six literal days.

DAY 2: THEME: **CORRUPTION**

Corruption (Genesis 3) shows that Adam's disobedience brought death, sickness, and sorrow into the world, thus leading to the need for a Redeemer.

DAY 3: THEME: **CATASTROPHE**

The catastrophe (Genesis 6-8) was the global Flood of Noah's day by which God judged the wickedness of man. Many of the earth's fossil layers were formed at this time.

DAY 4: THEME: **CONFUSION**

The confusion (Genesis 10-11) at Babel came when God confused the language of Noah's descendants, causing them to spread out and fill the earth. This event brought about the many people groups and language families in existence today.

DAY 5: THEME: **CHRIST, CROSS, & CONSUMMATION**

Christ (the Creator God who stepped into history to become a man) came to redeem the world from sin by dying on the cross and paying the death penalty for those who receive Him (2,000 years ago). As Christians, we look forward to the consummation of all things in the future, when the Curse will be removed and God prepares a new heavens and the new earth for His children.
