

How do we enlist the help of those who are the backbone of a VBS Park Outreach? First of all, pray! Next, here are a few ideas:

- In your main church services announce the outreach and the need for helpers. It's important to convey your vision with joy and enthusiasm!
- It's wonderful if your senior pastor is supportive of the outreach. Share your vision with him and ask if any staff can help with set-up and tear-down.
- Ask those who are already involved in your children's ministry, and their spouses, and their children (if appropriate).
- Ask your youth workers if they could oversee some of their youth group in helping out. It is very important to have someone oversee the youth.
- Don't forget the seniors of your church! Our seniors have been a tremendous blessing to the outreach. They have helped in registration, crafts, and security.
